## August is TABA's Membership Drive Month!

The TABA Board of Directors has set a goal to get back to 350 members by 2016 and that begins with our most valuable recruitment tools - our current members! TABA not only provides networking and marketing opportunities that help you promote your business, we also navigate the political waters to help provide a pro-business environment.

Are you encouraging the people that you do business with to join TABA? There is strength in numbers! If your industry doesn't have a strong voice, your business will be impacted one way or another. This could mean less infrastructure development or it could mean more regulation and higher fees. Either way, your ability to grow your business could be limited if you don't have an advocate in the halls of government.

I encourage you to engage your business associates, and have them join TABA so we can continue to move our industry forward! Contact us at [info@tahb.org](mailto:info@tahb.org) or 254.773.0445 for more information on how to refer your business associates, or to pass on leads regarding prospective members!

[On The Level - Table Of Contents](#)

Members,

As I join this remarkable team and association, I want to take the opportunity to introduce myself and say how excited and honored I am to be part of such a great organization. First, I would like to recognize Troy and Cheryl for their insight and assistance, which have been vital to the strong positioning and health of the association.

Over the years, I have been aware of TABA and its role as the leading voice in our community keeping the home building industry strong. This impressive feat is a testament to YOU – the TABA members – and the men and women who have built that legacy over the past 40 years.

During my transition over the past several weeks, I have learned a great deal about the association. I look forward to meeting and visiting with our members in the coming weeks to gain a deeper understanding of our association — its services, resources, goals, and most important, its members. TABA has a reputation in our community for the strength of its members' commitment to our industry. That commitment, along with our collaborative innovation and energy will be integral to our success in 2014 and the years ahead.

On the government affairs front, I have had several productive discussions with our partners in the Cities of Temple and Belton. I am thankful for their warm welcome and willingness to engage on issues of mutual concern. In

coordination with members of our Government Affairs Committee, I will continue to reach out and ensure our industry has a strong and active voice.

I am predisposed to trying new ideas, and I want to focus that energy on strengthening our association. If you have ideas or thoughts for how to improve or expand upon the success of TABA, please email me, call me, or stop by – I would love to hear from you.

We also have another new staff member – Regina Phinney – who has done a great job taking on some of the office administration and event planning roles. If you haven't met her already, please stop by and say hello!

TABA is a truly outstanding and unique association. I am excited to be a part of the team and look forward to working with all of you to ensure continued success.

Brad Wyrick
