Do Business with a member!

Our current members are our most valuable recruitment tools! Are you encouraging the people that you do business with to join TABA? There is strength in numbers! If your industry doesn't have a strong voice, your business will be impacted one way or another. This could mean less infrastructure development or it could mean more regulation and higher fees. Either way, your ability to grow your business could be limited if you don't have an advocate in the halls of government.

TABA not only provides networking and marketing opportunities that help you promote your business, we also navigate the

political waters to help provide a pro-business environment.

I encourage you to engage your business associates, and have them join TABA so we can continue to move our industry forward! Contact us at info@tahb.org or 254.773.0445 for more information on how to refer your business associates, or to pass on leads regarding prospective members!

Membership News and Announcements

Do you have an announcement about your member company that you would like to share with the broader TABA membership? Contact us at info@tahb.org or 254-773-0445 to share

Membership Initiative

As part of a new membership initiative, we are asking our TABA Builder members to provide a list of the vendors and subcontractors that they do more than \$5,000 in annual business with. Upon receipt, TABA will determine who on your list is already an Associate member and who TABA and you should contact to become a member. You may think you are already doing business with a member - but they may not be! Let's increase the strength of our industry's voice by bringing in those vendors and subcontractors who aren't members yet.

Participants will earn credit, prizes, and recognition for recruiting new members that they do business with as well as increasing the percentage of TABA members they work with.

Submit your list of vendors and subcontractors today! This will provide TABA some solid leads for recruitment - and some builder members who can follow up with these vendors and subcontractors!

Associate members can participate too - just send us a list of folks you do business with who you think are members or who you think should be!

All information provided will be kept confidential - TABA will not share your information.
