

Dear Prospective TABA Home-PAC Member:

We would like to invite you to join us in investing in TABA Home-PAC, the Temple Area Builders Association's political action committee. Your investment in our industry strengthens our collective voice by helping to support local initiatives and elect pro-housing candidates who give our industry a voice at the local and state levels of government.

Whether it is single-family, multifamily, commercial, or remodeling construction, the goal of our political action efforts is to keep our industry free from unnecessary taxes, regulations and fees. Our efforts are working because politicians realize that the health of our industry is directly correlated to the strength of the entire economy.

As such, the Association has been busy working with TABA Home-PAC supported policy makers and others to resolve many issues. Our collective voice is working proactively at the state and local level to address a variety of housing issues including development regulations, fees, and the use of new products and new construction technology. We actively partner with other stakeholders to encourage growth and incentivize sustainable development policies and strategies.

TABA Home-PAC needs your support in order for our industry to maintain its powerful voice. Your personal contributions go directly and exclusively to fund pro-housing candidates and initiatives. Corporate funds are also accepted and can be used to help fund some PAC activities.

The returns you will receive from investing in TABA Home-PAC are invaluable, come in many forms, and all contribute to a better business environment for you and our industry. Please consider joining TABA Home-PAC by filling out the attached membership application and contribution form. If you have any questions about TABA Home-PAC activities, please contact Marty Janczak at 254-773-0445 or [marty.janczak@tahb.org](mailto:marty.janczak@tahb.org).

TABA Home-PAC is dedicated to the protection, preservation, and furtherance of the private enterprise system and the strengthening of American free institutions; and in particular, the development and advancement of the home building, remodeling, multi-family, and commercial construction industry.

Sincerely,

TABA Home-PAC Board of Trustees
